HALL OF FAME

2024

The 2024 Hall of Fame Winners

Each year the Varco Pruden Buildings Hall of Fame recognizes top projects by Varco Pruden Builders. Winning projects display innovation and excellence through the use of Varco Pruden building systems and products in creating exceptional architectural appearance, efficient design and effective end use.

About Varco Pruden Buildings

Through advanced engineering and proprietary building products, Varco Pruden provides innovative steel building solutions for a variety of commercial, community, and industrial applications – including offices, warehouses, schools, manufacturing and retail facilities. VP goes to market through a network of authorized builders throughout North America. Experts in construction, these builders combine a deep knowledge of their local market, including codes and processes, along with the resources of Varco Pruden. Together we deliver building solutions that meet customers' specific needs.
